

Scoring System

The *Allergy Awareness Challenge* puts students in different grades against each other in a fun and challenging three-day competition. Participation is the key goal of the *Allergy Awareness Challenge* and points are awarded for the number of participants along with a 50-point bonus for winning each challenge. It is therefore important to count the number of participants in each grade/team during each activity. Make sure to post the Leaderboard each day with the new scores for each grade/team.

| Challenge | Points | Winning Bonus |
|---|---|---|
| <i>Adopt an Allergy</i> | 1 point for every student who signs up. Tally the number of students for each grade/team. | Grade/team with the most participating students gets an additional 50 points. |
| <i>Food Allergy Jeopardy</i> | 1 point for every student who participates. Tally the number of students for each grade/team. | Grade/team with the winning student receives an additional 50 points. |
| <i>Food Allergy Spelling Bee</i> | 1 point for every student who participates. Tally the number of students for each grade/team. | Grade/team with the winning student receives an additional 50 points. |
